

# After-School Programs at COONLEY Fall 2017

(Details on the other side)

Let your child see just how cool science can be!

**DON'T DELAY... ENROLL TODAY!**

Go to [chicago.madscience.org](http://chicago.madscience.org) to check out **other** programming including programs at the Mad Science Lab (1053 N. California)

**Halloween Open House – FREE!**  
Saturday October 28 – 1pm-4pm

[chicago.madscience.org](http://chicago.madscience.org) ■ (773) 227-3345 ■ [madscientist@mschicago.com](mailto:madscientist@mschicago.com)

# Program Descriptions:

## NASA Academy of Future Space Explorers!

### Space Travel

Learn what it takes to be a true globetrotter! Race a balloon rocket and design your own car engine as you learn about thrust. See the principles of propulsion at work in a real rocket launch, and build your very own **Space Copter** to fly the skies!

### Atmosphere & Beyond

We're on a mission to explore the atmosphere on Earth, and beyond! Travel to the end of the rainbow and make a sunset! Mix up various planetary atmospheres, one molecule at a time! See the effects of our atmosphere using your **Meteorological Station!**

### Sun & Stars

This stellar program is your ticket to the stars! Watch star dust burn, and journey through a soapy galaxy as you investigate the life cycle of stars! Use your **Cosmic Disk** to create a constellation!

### Rocket Science I & II

This is your chance to be a rocket scientist! Investigate the four forces of flight with the help of a Unique Flying Object! Explore the science involved in rocket construction as you build your own **Skyblazer II Rocket** that you can take home!

### Planets & Moons

Explore the farthest reaches of our solar system and create a lunar eclipse in this "mad" planetary tour! Learn how the gravitational pull of the planets effect satellites. Build and take home your own **Gravitational Launcher**.

### Space Phenomena

Probe the mysteries of meteors and bounce around satellite light in this phenomenal program on space events! See comets up close as one is formed before your eyes, and take home your very own **Space Telescope!**

### Living in Space

Experience the life of an astronaut as you suit up for space flight! Use teamwork to complete an important space mission, build a model space station and go on your very own **Space Walk**.

### Space Technology

Discover technology designed for outer space! Steer a laser beam through a laser maze, find hidden mountains using the principles of radar technology and discover everyday objects originally designed for use in space! Take home a **Stereoscopic Viewer** to continue the fun!

## Our Mission

Mad Science® is on a mission to spark the imagination and curiosity of children by providing them with fun, interactive and educational programs that instill a clear understanding about science and how it affects their world.

## Mad Science® Program Information

**Mad Science of Chicago**  
**(773) 227-3345**

Register online at: [chicago.madscience.org](http://chicago.madscience.org)  
**OR**, complete this registration form and make checks payable / mail to:  
Mad Science of Chicago  
1053 N. California Ave  
Chicago, IL 60622

**Details:** Tuesdays

**Dates:** Sept 19 – Nov 14  
9-week program

**Time:** 3:35pm - 4:35pm

**Cost:** \$162 per student

\*Includes CPS room rental fee

**Enrollment after Sept 12:** \$180 per student

### Minimum enrollment required for program

You will be contacted by email to confirm your registration.

**Space is Limited!**

Open to all K thru 3rd Grade students
