Instrument rentals NOT included

(Go to SmilingStrings.com for more info about rental locations)

CURRICULUM: Modified Suzuki approach. As beginners, students learn by rote the basic techniques of holding the violin and bow, producing a good tone and memorizing short songs and rhythms. Continuing students will progress to Suzuki Book 1 and soloistic playing on the A and E string, followed by introduction to the D and G string. Essential Elements Book 1 is introduced in the 3rd/4th grade to incorporate note-reading.
