Phil Salemi, Network 2 Chief of Schools
The State of the Network Address

Elizabeth Stranzl, Network 2 Social and
Emotional Specialist
Restorative Justice Practices

Mission of Parent Leadership Network (PLN)

To provide parents with accurate District and Network updates, equip parents with tools to support learning at home, and cultivate parent leaders in schools and communities.

Vision of Parent Leadership Network

Parent Leadership Network serves as a vehicle to empower parents to become actively engaged in their child's school and community. Through PLN meetings, our goal is to shape the path to a collaborative parent-school culture through two-way communication.

Definition of a Parent Leader

A Parent Leader is actively engaged in their child's education, shares ideas with other parents, and enriches their school community. They are constantly conducting outreach to get other parents involved in school life, while also supporting school activities (i.e. Parent-Teacher Conferences, Open Houses, Family Literacy Nights, etc.)
